GRID OF THE PEACE DOVE

DOVE CLERGY

ASHRAM OF THE PEACE DOVE

## **Blessings of Light Beloved Grid of the Peace DOVE Emissaries,**

Thank you, once again, Beloved sisters and brothers for your soul service over this past year to the Light, by serving as an Emissary on the Grid of the Peace DOVE. Your efforts are greatly appreciated as we continue our service of the manifestation of the pattern of Communities of Peace, Oneness and Joy both for ourselves and all human beings.

As we continue our preparations for the energies of 2012, we are asking all Grid Emissaries, who choose to continue their service within the Grid to re-commit for a two-year period versus the one year vow that we have requested in the past. Additionally, we are requiring that our Grid Council Emissaries be ones who are currently the DOVE Mystical Study Group which began in January of 2010. We are adapting our Grid Emanations to align with energies of the DMSg's Trinity of Server Program, i.e., Energetic Servers, Telepathic Servers & Transformative Servers, which are enumerated below. Council Emissaries will vocalize their vow at the DMSg class on October 17, 2010. Our Nov. 14, 2010 DMSg class (10:30 am AZ time) will be devoted to the DOVE's Annual Grid Induction and all Grid Emissaries are invited to participate in the Ceremony and state their vows together.

We expect this evolutionary realignment of energies and focus may create movements and shifts within Grid Emissary placements for the 2011-2012 timeframe and request your trust that all is being Divinely guided with your probable new Grid Emanation placement being for the best and highest good of ALL. We also know your guides have already been working with you for this all to occur, in harmony and JOY.

### **Message of the DOVE Induction of Nov. 2010 - Dec. 2012**

***Every day, in every way, we align closer with that which is our earthly destiny,  
the purpose for which we have incarnated at this time, in this place.***

**Reading 1.** Following is a spiritual reading by a student of the Ancient Wisdom Teachings, which aligns with the purpose of the Order of the DOVE:

"The Spiritual Hierarchy introduced the Path of Initiation to humanity millions of years ago, so that humans could, through spiritual evolution, make their way up the ranks of the Hierarchy. Eventually, spiritually advanced individuals who had passed through earth's school of hard knocks would evolve to the point where they would reach Masterhood and occupy high cosmic offices in the hierarchy. This way, the Planetary Logos would not have to rely on advanced souls from other planets to fill the ranks of earth's Hierarchy but could draw on initiates with earthbound experience. This is the case today where most, if not all the initiates approaching Masterhood and the Masters of Wisdom themselves, are products of earthly experience. At any time, there are thousands making their way up the Path of Initiation." *The Sanctus Germanus Prophecies, Volume 2*, M. Mau (2006).

**Reading 2:** Following is a spiritual reading which aligns with the purpose of the Grid of the Peace DOVE, taken from *The Rays and the Initiations*, Alice Bailey (1960). The Grid is being realigned in November of 2010, in accordance with the coming energetic alignment of 2012, under the following guidance, by the Emissaries of Light.

"The stages of character building are seen as essential and effective and are willingly and consciously undertaken. But when these foundations of good character and intelligent activity are firmly established, something still higher and more subtle must be erected on the sub-structure."

### **Following is the realignment of the Grid of the Peace DOVE as a Trinity of Servers:**

#### **E - Energetic Servers**

**Grid E:1, Gridline 1, M. Sophia, Guardian, Guardians of the Portals of Light**

**Grid E:2, Gridline 2, Joy in Visions**

**Grid E:3, Gridline 5, Heart Connection to the Source**

**Grid E:4, Gridline 10, Sacred Heart Union**

The Creative Thread. "Knowledge-wisdom must be superseded by intuitive understanding; this is in reality inclusive participation in the creative activity of divinity. The divine idea must become the possible ideal, and this ideal must become unfolded and manifested in substance upon the physical plane. The creative thread, now somewhat ready, must be brought into conscious functioning and activity."

#### **TE - Telepathic Servers**

**Grid TE:1, Gridline 11, M. Janelle, Caretaker, Connection to Divine Information**

**Grid TE:2, Gridline 7, Harmonics of Oneness**

**Grid TE:3, Gridline 6, Freedom Through Truth**

**Grid TE:4, Gridline 3, Soul Connection**

The Conscious Thread. "Desire-Love must be interpreted in terms of divine attraction, involving the right use or misuse of energies and forces. This process puts the disciple in touch with divinity as a progressively revealed Whole. The part, through the magnetic development of its own nature, comes into touch gradually with all that IS. The disciple becomes aware of this sum total in increasingly vivid expansions of consciousness leading to initiation, realization and identification. These are the three stages of initiation."

#### **TR - Transformative Servers**

**Grid TR:1, Gridline 12, M. LaDoña, Sr. Director, Power of Love**

**Grid TR:2, Gridline 4, Gift of Grace**

**Grid TR:3, Gridline 8, Balancer**

**Grid TR:4, Gridline 9, Wayshower of Conscious Spirituality**

The Life Thread. "Direction-Will (note: the result of understanding and applying Knowledge-Wisdom and Desire-Love) must produce the final orientation of the personality and the soul, fused and blended and at-one, towards the freedom of the Spiritual Triad; then the conscious attempt to use these three energies eventuates in creating the antahkarana upon the mental plane. It indicates the final control of substance by the initiate."

**Reading 3-**Following is a spiritual reading from Autori which is in alignment with the DOVE Mystical Study Group.

"The New Human will embrace the totality of himself/herself with honesty and deep adoring love. He/she will become resolute and steadfast in reading for the truth. Their heart will be light, without care nor fear of the morrow. A sacred dance for one. A sacred dance for all. A rebirth of humanity mirrored by the rebirth of yourself. As you change, grow, expand and that which is worn out and no longer of use to you dies, this affords the Light more opportunity to work with you and also to your brethren. And as you reach deeper into the ocean of light, that is in reality your inner-self, it will come easier to reach out to the stars, to the Earth, to all of life." *The Diamond People*, Autori.

M. Sophia and M. Janelle are committed to hold the energy of the Grid of the Peace DOVE and the portal to the Temple of Twin Flames within the Chapel of Divine Wisdom in Sedona and the Ganesha Garden of Genesis, until December of 2012.
